Arts for the Mind, Body, and
Spirit*

Mission Statement

We, the Staff of Cedar Springs High School, in conjunction with our The Community, will assure development of all students to become academically proficient, physically fit, socially adjusted, self confident, responsible citizens, as evidenced by their behavior, participation, and performance throughout their adult life.

A Word from the Principal

The four years of high school can be the most fun filled, rewarding, challenging and more influential years in the lives of young adults. The years of training, learning and preparation in the earlier grades begins to take on added meaning and significance as the students begin to make plans for their futures. Decisions on what to do after high school and how decisions could impact the rest of their lives can be scary and exciting at the same time.

The staff of Cedar Springs High School is dedicated to helping prepare our students for their future and providing the knowledge and assistance they need in making these important decisions. We recognize the importance of completing the process of their K-12 education and providing opportunities to explore new avenues and life enriching activities such as participation in the arts and athletics. Along with this is the realization that our students are not yet adults and need our guidance and the structure our school provides.

We are proud of the programs we offer and we are constantly looking at ways to improve. We are dedicated to providing the best instruction and programs possible. We are here for our students, and along with the parents and community, we hope to develop all students to become educated, self-confident, responsible citizens in a changing world.

High School Administrators

Ron Behrenwald, Principal----Ext. 1401

Mike Annerino, Dean of Students----Ext. 1402
April Stevens, Assistant Principal----Ext. 1403
